

WRXK1S One-Step Precision Cleaver

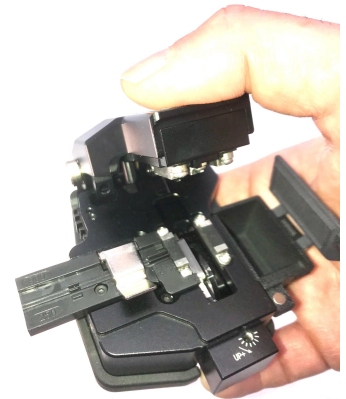

True One-Step

The WRXK1S true one-step precision cleaver with waste bin offers high precision fiber cleaving for 250um, 900um, 2mm, 3mm single fiber; and ribbon cable up to 12 fibers. Work efficiency is maximized with simple and true one-step operation. Blade has automatic reset to the start position so just press the anvil once to cleave - and repeat to cleave again! It's simple. WRXK1S is also compatible with industry standard removable fiber holders. Sixteen blade positions provide up to 48,000 fiber cleaves.

Features

- True one-step precision cleaver with automatic blade reset
- Just press the anvil once to cleave - repeat! It's simple.
- Small and lightweight handheld precision cleaver with bin
- Stable operation with cleave angle 90 degrees +/- 0.5 degrees.
- Cleaves single 250um, 900um, 2mm, and 3mm cable and ribbon cable up to 12 fibers.
- Compatible with industry standard fiber holders
- Sixteen blade positions for 48,000 cleaves
- Anvil opens high for clear visibility
- Easy blade rotation and adjustment

Specifications

Parameter	Value
Applicable Fiber	250um, 900um, 2mm, 3mm, ribbon cable up to 12 fibers.
Fiber Cleave Length	9mm - 16mm
Fiber Cleave Angle	90 degrees +/- 0.5 degrees
Holder	Universal fiber adapter plate
Weight/Dimensions	11 ounces / 4.3"(L) x 4.3" (W) x 1.5" (H)
