

WRXD30 Precision cleaver

Drop-Proof Up To 30 Ft

The drop-proof WRXD30 precision cleaver offers high precision fiber cleaving for 250um, 900um, 2mm, and 3mm single fiber. It is the only precision cleaver that can withstand a drop test of up to thirty feet. The patented blade design is self-adjusting to the proper height. No blade rotation is required. Each blade is useful though 3500 cleaves and then the blade can be discarded. It takes less than one minute to replace a blade. Five blades are included in each package. Small

and lightweight, work efficiency is maximized with simple two-step operation and automatic blade reset.

Features

- Offers precise cleaving for 250um, 900um, 2mm, and 3mm single fiber
- Drop-proof up to thirty feet
- Patented blade is self-adjusting to the proper height so blade height adjustments are not necessary
- No blade rotation is required
- Each blade offers 3500 cleaves before it can be discarded
- Blade can be changed in under one minute
- Stable operation with typical cleave angle 90 degrees +/- 0.5 degrees.
- Small and Lightweight
- Anvil opens high for clear visibility with automatic blade reset for work efficiency
- Package includes WRXD30 precision cleaver, five blades, and hard case

Specifications

PARAMETER	VALUE
Applicable Fiber	250um, 900um, 2mm, and 3mm single fiber
Fiber Cleave Length	10mm - 24mm
Fiber Cleave Angle	90 degrees +/- 0.5 degrees
Holder	Universal fiber adapter plate
Weight/Dimensions	2.47 ounces / 2.2"x 2.2" x 1.7mm
