

# Lint Free Wipes

## 4"x4" or 2"x2" Non-abrasive Pad

Our lint-free, non-abrasive wipes provide superior cleaning for optical surfaces, fiber cables, and connector end faces without the risk of scratching or leaving residue. Made from a high-strength 45/55 cellulose/polyester blend, these hydro-entangled dry wipes offer excellent absorbency and contamination entrapment. They are available in a standard 4"x4" size (100 per pack) or an economical 2"x2" size (150 per pack).
