

Made to specification

Optix America specializes in the manufacturing of custom fiber optic cable assemblies across all fiber counts and configurations. We are committed to delivering tailored solutions that meet specific requirements on time and within budget. As many of our assemblies are highly configurable, please contact us directly at sales@optixamerica.com to discuss your project needs.

Quality Certifications

Features

- Simplex and duplex fiber optic patch cables
- Cable assemblies available with MPO, LC, SC, and ST connector configurations
- Boot styles available in standard, duplex, and uniboot designs
- Multi-strand fiber assemblies (6, 12, 24, 48, 72, and 144 fiber counts), customizable by connector type and breakout configuration
- RoHS-compliant cable options including indoor, outdoor (loose tube), indoor/outdoor hybrid, and ribbon fiber constructions
