

WRXK1S Mini One-Step Cleaver

Compact and Lightweight

The WRXK1S mini one-step precision cleaver with integrated waste bin provides high-precision cleaving for 250µm, 900µm, 2mm, and 3mm single fiber, as well as ribbon cable. Compact and lightweight, a simple one-step operation delivers a consistent $90^\circ \pm 0.5^\circ$ cleave angle, while the blade automatically resets after each cleave for increased efficiency. Constructed from high-hardness tungsten steel, the blade offers 24 usable positions for extended service life. Blade rotation is quick with a simple slide button, while an easily accessible adjustment screw allows for precise blade height adjustments.

Features

- Mini one-step precision cleaver with integrated waste bin
- Cleaves 250µm, 900µm, 2mm, 3mm single & ribbon fiber cables
- Compact 3" x 3" footprint and lightweight 5-ounce design
- Consistent cleave angle of $90^\circ \pm 0.5^\circ$
- Automatic blade reset to the starting position after each cleave
- High-hardness tungsten steel blade for long service life
- Twenty-four blade positions provide extended blade life
- Simple slide button for quick and easy blade rotation
- Easy-access screw for convenient blade height adjustment

Specifications

Parameter	Value
Applicable Fiber	250µm, 900µm, 2mm, 3mm single fiber, plus ribbon fiber cable
Fiber Cleave Length	9mm - 16mm
Fiber Cleave Angle	90 degrees +/- 0.5 degrees
Holder	Universal fiber adapter plate
Weight/Dimensions	5 ounces / 3"(L) x 3" (W) x 1" (H)
