

WRXK1S One-Step Precision Cleaver

Rugged metal housing

The WRXK1S true one-step precision cleaver made of rugged metal housing with integrated waste bin delivers high precision fiber cleaving for 250µm, 900µm, 2mm, and 3mm single fiber cable, and ribbon cable. Designed to maximize work efficiency, the WRXK1S features a simple and ergonomic one-step operation with automatic blade reset to the start position. Simply press the anvil once to cleave. The WRXK1S is also compatible with industry-standard removable fiber holders for added versatility. Its tungsten steel cleaver blade features sixteen blade positions and provides up to 48,000 fiber cleaves for long-lasting performance and reliability.

Features

- One-step precision cleaver with rugged metal housing, automatic blade reset, and integrated waste bin
- Stable operation with cleave angle 90 degrees +/- 0.5 degrees
- Cleaves 250µm, 900µm, 2mm, 3mm single and ribbon fiber cables
- Compatible with industry standard fiber holders
- Sixteen blade positions provides up to 48,000 cleaves
- High-opening anvil for clear visibility and easy access
- Easy blade rotation and adjustment for quick maintenance

Specifications

Parameter	Value
Applicable Fiber	250µm, 900µm, 2mm, and 3mm single cable; ribbon cable
Fiber Cleave Length	9mm - 16mm
Fiber Cleave Angle	90 degrees +/- 0.5 degrees
Holder	Universal fiber adapter plate
Weight/Dimensions	11 ounces / 4.3"(L) x 4.3" (W) x 1.5" (H)
